

Deer Hunt at Pro Outfitters

Missouri & Kansas

Rifle

5 days = \$ 2,500 per person

Hunt includes 5 full days of hunting, personal guide, lodging, meals and transportation to and from the stand.

Muzzleloader

5 days = \$2,000 per person

Hunt includes 5 full days of hunting, personal guide, lodging, meals, and transportation to and from the stand.

Archery

5 days = \$2,000 per person

Hunt includes 5 full days of hunting, personal guide, lodging, meals, and transportation to and from the stand.

Deposit

Within 10 days of booking your hunt, 50% of your total hunt is required to hold your dates. The remaining 50% is due upon arrival at the lodge. This is non-refundable, but if you cannot make it due to unavoidable circumstances, the deposit can be put towards a future hunt.

Deposits are non transferable.

If a hunter cannot make the trip it is acceptable to replace them with someone else, as long as the party size remains the same. If you can't make the hunt and can't find a replacement, you forfeit your deposit.

Heading to the stand? Don't forget this stuff

Pro Outfitters Rules

Notice: These rules are not meant to be offensive to anyone. They are made and enforced to give our customers the absolute best chance of harvesting a mature whitetail. We thank our customers for following them.

Any deer harvested must be reported to Brad before you look or track your deer. If your deer is successfully recovered, your picture will go into the photo album.

If you wound an animal while hunting and we fail to recover the animal, your hunt is over.

We harvest only bucks scoring 125 Pope and Young and larger (New for 2009). There is a \$500 fine for any deer shot below this requirement. This fee will double if a deer is shot below these requirements on the last day of your hunt. Our goal is not to collect any "fee money", but if we do it goes towards our management program.

A safety vest or harness must be worn each time while hunting out of a stand.

"Feeding" is prohibited including any grains, salt blocks, and mineral blocks.

Please take everything off the property that you took on it, including food items and litter.

Alcoholic beverages are prohibited in the hunting area and you may not hunt if alcohol is consumed.

Driving and stalking deer is prohibited.

Smoking and chewing tobacco anywhere in the hunting area is prohibited.

Walk to and from your designated tree stand only.

You must be "scent free" when in the hunting area. Scent Elimination products are required to be worn to help reduce human odor.

Daily showers and the use of scent free soap are required.

All rifle and Muzzleloader hunters are required to use the Gun Harness as a fall protection device for their firearm. These devices will be provided.
